

LET US ACHIEVE OUR GOALS

Dear Rotary Leaders,
The year under the leadership of President Wilf Wilkinson was a remarkable one especially for our zones. We shared Rotary with millions and we rose in the esteem of our communities. We had phenomenal growth in membership in our zones. We have demonstrated our commitment and support for our Foundation (the final figures are still awaited from Evanston). We were very much visible in the just concluded Convention at Los Angeles. We have put extra efforts to enhance Rotary's public image, we have taken some positive steps to keep our promise to eradicate Polio from India, we are certainly moving forward to realizing our dreams of Polio free world and we had many milestones in our journey. Our efforts in propagating the Microcredit programme is bearing fruits. Similarly our projects in Water management have been widely appreciated. I vividly realize that but for your support, action, motivation and involvement, we would not have reached the heights we managed to reach.

The year under President D K Lee expects much more from us. The primary objective is to maintain and even excel our growth. Challenges that face the globe need more hands to tackle, more brains to

plan and more visions to achieve. Rotary has dreams of a more peaceful world, a more literate populace, a more eco friendly milieu, a more healthy communities and an overall happier world. If these dreams are to be made real, it will need your total commitment.

The need to grow is evident. The modus operandi for achieving this is variable. One thing however stands out clearly that we need to grow outwards in numbers and inwards in commitment. All these can only be achieved by your leadership, your enthusiasm, your motivation and your personal participation.

I urge you all to Make Dreams Real. Let us show Rotary that our zones are as much, if not more, committed to enroll very willing hands to achieve our dreams. I know, I can rely on you. I know we will succeed. I know August will be the most rewarding month to achieve our goals. I know we will excel. I know you will be with me.

*Ashok Mahajan
Director, Rotary International*
